## **ISO 22301:2019 TRANSITION TIMELINE**

## **Transition Period Begins**

All current existing certificates to ISO 22301:2012 will expire three years and six months from the last day of the month of the release and publication of ISO 22301:2019.

## Original Transition Period End

IAF have extended this by six months due to COVID-19.

## **Current Transition Period End**

Certificates for ISO 22301:2012 will no longer be valid.

October, 2019

October 31, 2021

October 31, 2022

January 31, 2023

**April 30, 2023** 

CB's must cease conducting initial and recertification audits to ISO 22301:2012 certificates after this date. As such, all initial and recertification audits occurring after this date must be conducted against the 2019 revision.

Any remaining transition audits should be completed by this date (allowing suitable time for corrective actions and certification issuance).
