

REGULATIONS RELATING TO VERIFICATION

PART ONE: VERIFICATION TERMS

1. Regulations

These Regulations set out the process under which NQA Certification Limited, henceforth referred to as NQA, shall assess the Client's compliance with the Verification Criteria, with a view to concluding whether or not to issue the Statement of Verification. These Regulations also apply to any periodic surveillance or re-verification as may be instructed by the Client.

2. Verification

- 2.1 Any Client, product, service or event that has been assessed by NQA as being compliant with the Verification Criteria (based on the sampled information and evidence provided to or otherwise made available to NQA by the Client), may be granted a Statement of Verification. NQA maintains and makes publicly accessible on request, a directory of verifications
- 2.2 The verification for such scope is dependent upon the outcome of the Verification Activities by NQA in order to assure itself that all the requirements of the Verification Criteria have been met by the Client.
- 2.3 The verification is a confirmation of a claim through the provision of information and evidence, that Verification Criteria have been fulfilled. The confirmation of a claim may relate to a defined period of time and can be in respect of the verification for the Client location(s), products, services, an event or other activities within the scope of the verification activity, as set out in the Quote Letter. This provides no guarantee that the Verification Criteria will continue to be met by the Client on an on-going basis.

3. Application for Verification

- 3.1 An application shall be submitted, on the prescribed form, for all addresses, products, services or events which will be the subject of the verification (the "entity"). These regulations apply to all such addresses with equal validity.
- 3.2 Where applicable, the applicant shall clearly define the period over which verification will be made. In general, it is expected that this will be for the period of one year, starting in January or April in alignment with common business practice.
- 3.3 Where applicable, the applicant shall state whether it is seeking to achieve a Limited or Reasonable level of assurance through the verification process.

Please note that once a level of assurance is selected this is not able to be changed part way through the verification process.

- 3.4 It is the responsibility of Clients to satisfy themselves that the proposed scope of verification in their Application meets their requirements.

4. Verification Fees and Payment

- 4.1 An Initial Fee shall be payable in respect of the verification in accordance with the Quote Letter and these Regulations.
- 4.2 The Initial Fee covers the administrative cost of processing the Application and of undertaking the pre-verification and Verification Activities. Any additional work (including, without limitation, follow up Verification Activities, additional business location(s)) will incur further Supplementary Fees at the day rate as set out on the Quote Letter.

- 4.3 If the Client cancels their Application prior to the Verification Activities being scheduled, NQA will refund payment made minus an administration fee equivalent to 50% day rate of one day.
- 4.4 Once confirmed, an additional fee will be charged if the Verification Activities are postponed or cancelled by the Client within 20 working days of their planned occurrence. The additional fee chargeable will be based on a percentage of NQA's current standard day rate fee per day, as follows:
 - (a) cancellation on the day = 100%,
 - (b) cancellation within 5 working days = 90%; and
 - (c) cancellation within 6-20 days = 50%.

Additional non-refundable expenditure that has been incurred by NQA (e.g. flights or hotels) will also be charged to the Client.

- 4.5 The cost of travel time and expenses for Verification Activities conducted on mainland UK and Republic of Ireland are included within the Initial Fee quoted in the Quote Letter. This is provided on the basis that NQA will utilise the geographically closest verification team.
- 4.6 In the circumstances set out below, NQA will inform the Client that the Initial Fee quoted in the Quote Letter is exclusive of expenses and travel time. Expenses and travel time will be recharged to the Client in the following circumstances:
 - (a) If the Client requests a change to the verification team or requests a small verification team to cover a large geographical spread of locations and this materially increases the travel and subsistence for the verification team. The Client will be informed of the anticipated expenses prior to NQA confirming a new verification team; or
 - (b) The audit is outside of mainland UK and Republic Ireland (which for clarification includes (without limitation) the Shetland Islands, Orkney, Channel Islands, Isle of Wight and the Isle of Man).
- 4.7 Where material expenditure on flights and hotels is required to be made prior to an audit, NQA may request the Client to make a full or partial pre-payment towards the cost in advance.
- 4.8 NQA reserves the right to withhold a Statement of Verification if any fees or expenses related to verification are outstanding.

5. Verification Activities

- 5.1 The Client Management Representative shall be present, or available, throughout the Verification Activities. Where a management consultant is also present, the Client shall ensure that the consultant does not attempt to influence the course or outcome of the pre-verification or verification activities.
- 5.2 The Client shall have the right to raise an objection to the composition of the verification team, providing grounds for such objection. NQA shall not unreasonably disregard the grounds for objection.
- 5.3 The Client shall provide appropriate facilities for such purpose, including office accommodation, and all supporting documentation or (information) sought by the assessor.
- 5.4 The Client acknowledges that the estimated duration for the verification activity may be subject to change at any time throughout the verification process.
 - (a) NQA will typically conduct a pre-verification activity prior to the verification taking place. The pre-verification activity will support the planning process for the verification. An outcome of this activity may require an increase or decrease of estimated duration for the completion of the verification activity.

- (b) NQA will communicate in advance in the event an adjustment to verification duration is required.
- (c) Any adjustments shall be payable in accordance with the rate detailed on the verification quotation letter.

6. Access

 - (b) decline verification.
- 7.2 A Statement of Verification will not be granted if the Client has not paid the Initial Fee associated with the Application and any Supplementary Fees required due to follow up Verification Activities.

NQA shall raise any and all non-conformances and proposed corrective actions with the organisation in writing.

All use of the NQA Mark must be in accordance with these Regulations, and any usage guide made available by NQA from time to time in respect of the use of any NQA Mark. The Client shall not be permitted to use any NQA Mark until its Statement of Verification is issued.
